

Jacksonville Daily Journal

JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, JULY 13, 1904.

REASONS GIVEN BY W. J. BRYAN

FOR DECIDING TO VOTE FOR PARKER

Lengthy Statement Made by Ex- Leader of Democratic Party— Stands by What He Said About Parker.

Lincoln, Neb., July 12.—W. J. Bryan today gave out a statement embodying his reasons for deciding to vote for Parker. His first is "because the Democratic ticket stands for opposition to imperialism, while the Republican ticket stands for an imperialistic policy."

Second, "Roosevelt is injecting race issues into American politics, and this is a bad thing. It becomes national, will make it impossible to consider economic questions that demand solution." The election of Democrats, he says, "will permit the race question to work itself out without the bitterness Roosevelt's conduct has engendered."

Third, "Roosevelt stands for the spirit of war. His friends present him as a man of blood and iron. He believes in the strenuousness and inculcates a love for day-like things. The Democratic ticket stands for peace, for reason and for arbitration, rather than for force, conquest and bluster."

Fourth, "The Democratic platform declares in favor of a reduction of the standing army, and as this plank was unanimously adopted, there is reason to believe that the Democratic success on this subject would bring some advantage to the people."

Discussing Parker's financial policy Bryan says: "Parker is as thoroughly committed to the side of financiers as Roosevelt. If he does not go as far as the Republicans would in retiring silver dollars, in establishing branch banks, in enlarging the powers of national banks and in substitution of asset currency for the present currency, it will be because he is restrained by Democrats in the house and senate. Nothing good can be expected of him on the money question."

"Bryan is satisfied with the platform declaration on trusts, but he says 'the nomination of Judge Parker virtually nullifies the anti-trust plank.' The labor plank prepared by Parker's friends on the sub-committee, says Bryan, was straddling and meaningless. He, however, seen's satisfied with the plank substituted by the full committee, and says if Parker's letter of acceptance is silent or meaningless on labor, 'it will mean the financial influence back of him will not permit him to take the labor side on disputed questions.'"

"On the tariff question," says Bryan, "some little progress may be hoped for, but Parker men on the committee were necessarily in favor of a very conservative tariff plank and it remains to be seen whether Parker will carry out the positive and definite plank which was submitted by the full committee."

Bryan says he has nothing to take back, nothing to withdraw of what he said against the methods pursued to advance Parker's candidacy which, he declares, "was a plain and deliberate attempt to deceive the party." He says if Parker had sent to the Albany convention the telegram he sent to St. Louis, he would have had no possible chance of nomination. Bryan says Parker's friends "adroitly and purposely concealed his position until the delegates had been corrupted and the nomination assured."

After the party had rejoiced over the omission of them one question and he had secured the nomination, says Bryan, "he injected his views upon the subject at a time when he could not be taken from the ticket without great demoralization."

"Bryan then declares: 'The nomination was secured, therefore, by crooked and indefensible methods, but a Democrat who loves his country has to make his decisions upon conditions as he finds them, not upon conditions as he would like to have them.'"

HAMILTON ANNIVERSARY.

New York, July 12.—The one hundredth anniversary of the death of Alexander Hamilton was observed today. Brief services were held at his tomb in Trinity churchyard. On the site of his country home, on Washington Heights, more formal exercises were held under the auspices of patriotic and historical societies. Three surviving generations of the Hamilton family were present and several addresses were delivered.

WANTED TO DIE TOGETHER.

Des Moines, Iowa, July 12.—Mrs. David Garner and Arthur Orth attempted suicide by taking poison last night. The woman died this morning. Orth will live. The couple it is said were discouraged because Mrs. Garner could not secure a divorce in order to marry Orth.

MURDERED BABY BROTHER.

Cincinnati, July 12.—Howard Dobell, 4 years of age, confessed to his parents and the coroner that he killed his brother, aged 5 months. The baby was sleeping when Howard hit it on the head with a hammer.

SAMUEL M. JONES DEAD

Golden Rule Mayor of Toledo, Ohio Passes Away.

Toledo, Ohio, July 12.—Samuel M. Jones, the golden rule mayor of Toledo, died at his home this evening at 5:57 as a result of a complication of diseases. The immediate cause of his death was an abscess on the lungs. When this abscess broke the mayor was not strong enough to throw off the poison from his system and death resulted. The mayor had suffered for years from asthma and this was the primary cause of his fatal illness.

The death of Mayor Jones has caused the greatest sorrow all over the city. Although many did not believe in his idea of sociological problems, everybody loved and respected him. His great stronghold with the people of Toledo was his honesty. All members of his family were at his bedside at the time of his death. He leaves a widow and three sons.

Mayor Jones was born in Wales in 1816. He was twice married and was elected mayor of Toledo four times. At Lima, Ohio, in 1886, he struck what was known as "The First Large Oil Well" in Ohio. He was one of the original incorporators of the Ohio Oil company, which afterward sold out to the Standard Oil company.

The funeral will be held Friday afternoon.

MADE GOOD CATCH.

Boston, July 12.—William H. Telford, aged 25, of Omaha, Neb., was arrested on suspicion at Copley Square hotel. He turned out to be the man the police have been looking for, they have made a good catch. When he registered he is said to have claimed that he represented Armour & Co., and yesterday the clerk, picking up the Hotel World, read a warning to hotelkeepers against one Telford who claimed to represent the Armour soap works, who is going around the country defrauding hotelkeepers on this representation and securing money on checks and drafts.

DISABLED RACE HORSE

Highball American Derby, Winner, Broke His Leg.

New York, July 12.—Highball, the American derby winner and one of the best 3-year-olds, broke his leg at the ankle during the running of the Seagate stakes at Brighton Beach today. As Highball is insured for \$25,000, a message was sent to a representative of the insurance company in New York to come at once to look at the derby winner and end his agony, but Bud May, half owner of the horse, would not consent to have him shot. Late in the evening when it became evident the saving of the horse was impossible, Highball was chloroformed and shot.

REMARKABLE CELEBRATION.

Vienna, July 12.—Remarkable festivities were held at Seefelding Atteport, in upper Austria, yesterday. The town was profusely decorated with flags in honor of one diamond and eight golden weddings. A procession was formed, headed by fifty women in picturesque old Austrian costumes, and made its way to the church, where services were held. The united ages of the couples celebrating were 1,356 years. There are fifty-one children in the families and 107 grandchildren. Telegrams were sent to Emperor Francis Joseph and congratulatory replies were received.

NOT TRUE.

Milwaukee, July 12.—An official of the Wisconsin Central declared this evening there is no truth in the stories that the road has been sold to the Milwaukee, and that the machinery has been transferred from the Fond Du Lac shops to the latter road's shops at Milwaukee.

ARBITRATION AGREEMENT.

London, July 12.—An agreement has been signed by Foreign Minister Lansdowne and the German ambassador for settlement by arbitration of differences which may arise of a legal nature relating to interpretation of existing treaties between Germany and Great Britain. The terms are identical with those recently concluded with Italy, France and Spain.

POSTMASTER ARRESTED.

Montreal, July 12.—James Brainerd, postmaster of the suburb of Washington, who is alleged to have disappeared with \$10,000 in negotiable money orders and a woman some months ago, was arrested here by secret service officials.

CATHOLIC EDUCATORS.

St. Louis, July 12.—Catholic educators, representing nearly every diocese in the United States, assembled in convention at St. Louis University for the purpose of devising plans for establishing a uniform system of education in parochial and training schools.

RUSSIAN STATEMENT.

St. Petersburg, July 12.—An official statement of the number of sick and wounded belonging to the Manchurian army shows great increase of sickness after a few days of rain, and also a larger proportion of sick and wounded officers as compared with the men. One case of plague is reported.

GREAT STRIKE INAUGURATED

EMPLOYEES OF PACKING HOUSES QUIT WORK

Walkout at Chicago, Kansas City, Omaha and St. Joseph Mo. and Other Cities Where Large Plants Are Located.

Chicago, July 12.—As a result of a stubborn disagreement, chiefly over wages for unskilled labor, one of the most extensive strikes in the history of the meat packing industry in the United States began today in Chicago, Kansas City, Omaha, St. Joseph, Mo., and other cities where large packing plants are located. If prolonged the strike is expected to cause widespread inconvenience, possibly equaling the anthracite coal famine of two years ago.

The unanimity of the strike was complete. In Chicago alone 18,000 men are on a strike. The effect of the strike upon the food supply of the country and price of meats is being earnestly discussed, notwithstanding the announcement to night that the packing houses, contrary to a somewhat general expectation, will continue operations without any close down, employing whatever help may be obtainable. The packers declare that hundreds of men who could not be provided with places have been applying daily for work.

Cordons of police watched the strikers as they marched out of the packing houses to day, but there was absolutely no sign of disorder. When a thousand girls marched out of the sausage factories and canneries, the strikers received them with cheers.

President Donnelly of the union expressed the opinion to night the strikers would have no difficulty in with standing a siege of more than a year with funds now on hand.

Arthur Meeker, of Armour & Co., said to night they considered the demands unwarranted by industrial conditions. He said they proposed arbitration, but the union declined to consider it.

President Donnelly issued a statement reviewing at great length the causes leading up to the strike. He says the original demand was for 20 cents an hour for laborers, which was later reduced to 18 1/2 cents, except at Omaha and Sioux City, where the scale is 16 cents. The packers refused to pay more than 17 1/2 cents.

Wholesale markets that supply meats to hotels of Chicago say they have enough on hand to supply guests of all large hotels for several weeks. There is a possibility that 10,000 electricians, firemen, engineers, teamsters and others not affiliated with the packing unions may be made idle by the strike.

What promised to for a moment to develop into a riot was nipped in the bud at midnight while cots were being unloaded from wagons to be used by non-union men inside the packing houses. As soon as the work of unloading the cots commenced a rush was made to overturn the wagons. Several policemen were nearby, however, and before the rioters could accomplish their purpose three ringleaders were arrested. The remainder of the crowd dispersed after considerable difficulty, but no one was hurt.

Kansas City, July 12.—Eight thousand meat cutters, butchers and others affiliated with the Amalgamated Meat Cutters and Butchers' Workmen union, constituting the entire force in three departments in six packing plants here, struck today. As a result all plants were shut down and 12,800 employees in the various departments are affected. Many of the men went out during the morning and others followed at noon, the hour set by President Donnelly. No signs of trouble are apparent. Union officers report all their men out. "All the men have been instructed to stay away from the plants and avoid any violence. We do not expect the strike will last long, but we can stand it all summer if necessary," say the union officials.

The packers do not expect the strike to last long and some houses may attempt to kill a few animals to morrow. It is said many of the men here were opposed to going out, and it is upon this the packers base their opinion that the strike will be short lived.

Sioux City, Iowa, July 12.—One thousand men in Cudahy's packing plant here obeyed the order to strike. The plant was forced to shut down. Business at the stock yards is at a standstill.

East St. Louis, July 12.—Over five thousand and butchers and cutters employed in packing houses struck at noon today. The men quit work quietly and there were no disturbances.

Omaha, July 12.—Four thousand employees of the four packing houses in South Omaha went on strike at noon today. Packers say they will make no attempt to operate the plants for the present.

St. Joseph, Mo., July 12.—More than five thousand packing house employees struck at noon today and all plants are closed down. There was no attempt at demonstration of any kind.

St. Louis, July 12.—Eighteen hundred

THOUSANDS OF JAPS KILLED

IN ATTACK ON POSITIONS AT PORT ARTHUR

Word to That Effect Sent to St. Petersburg by a Russian Cor- respondent at Mukden—War Reports.

St. Petersburg, July 12.—A dispatch from a Russian correspondent at Mukden dated July 12, says:

"According to intelligence received here the Japanese last night attacked the positions near Port Arthur and were repulsed with enormous losses caused by Russian mines, not less than 3,000 being killed or wounded."

St. Petersburg, July 13, 7:30 a. m. The general staff has received no information regarding the reported attack on positions near Port Arthur and the loss of 3,000 Japanese killed or wounded by Russians.

JAPANESE ADVANCE.

St. Petersburg, July 13, 3:44 a. m. The Japanese advance to Ta Tehe Kiao has been received by the general staff or the admiralty since Sakharoff's dispatch of July 10, with the exception of a report from Kurapatkin covering events detailed by Sakharoff. Lack of news from Ta Tehe Kiao is not causing anxiety. The Japanese account of the fighting at Kal Chon is offset by the admission they are being greatly worried by Rennenkampf's Cossacks.

It has been intimated to the Associated Press by the general staff that it is probable the Japanese will not attempt Yiu Kow before they capture Ta Tehe Kiao, as otherwise they would be liable to an unexpected attack from the Ta Tehe Kiao force, which is within easy striking distance.

There is some anxiety here regarding the report that the cruiser Askold has been damaged, and it is noticed that she was not mentioned in the list of warships constituting the squadron on its last appearance.

WAR REPORTS.

Tokio, July 12.—Admiral Togo reports at midnight, July 11, torpedo boats approached a boom which blocks the entrance to Port Arthur, and attacked the guardship Diana with torpedoes. The result was not ascertained. The Japanese boats returned undamaged.

Chefoo, July 12.—Reports have been received that five Russian cruisers and several torpedo boats left Port Arthur at 8 o'clock Saturday morning and headed the enemy's positions on the east coast, returning undamaged in the evening at 6 o'clock. It is believed they encountered Admiral Togo's ships and were forced to return. A junk which arrived here this morning reports hearing two terrific explosions at Port Arthur yesterday.

London, July 12.—The Post's Shanghai correspondent says the Japanese casualties by the land mines at Port Arthur Sunday night are reported to have been 28,000, but none of the many special war dispatches mention the Japanese disasters at Port Arthur.

Seoul, Korea, July 12.—The Japanese scouts who have arrived at Gen San, report the Russians are constructing a permanent fort near Kyong Heung, in the northeastern part of Korea. The Russian garrison at Hun Chung has been reduced to one battalion, the remainder of the garrison having been concentrated at Posite bay.

BROTHER RECOGNIZED HIM.

Pontiac, Ill., July 12.—The identity of the man who was shot on the 23d of June while, it is supposed, he was attempting to burglarize the residence of Tony and Martin Jacobs near Graymont and who died at the county farm some time during Friday night, has come to light. His name was Fred Myers and his home was at Gas City, Ind.

His name, known only here previously to the county and city officials, as well as the man's history, was made public Sunday night by his brother, Albert Myers, who came to this city for the remains. Albert Myers states that his brother has always been of a roving disposition but in no sense has been a tramp. He first left home at the age of 16 years and that last April was the first time he had seen his brother for fifteen years. He comes from a highly respected family. His father and mother are both dead.

SAVED THE TRAIN.

Farmer City, Ill., July 12.—During the storm Monday afternoon a box car on the Big Four switch here was blown over the main track and started east down the grade. When near the light house T. M. Vance noticed it and climbed on top of the car and set the brakes. It was just about time for the Big Four west bound passenger and Mr. Vance ran down the track for a quarter of a mile and flagged the passenger train, which came to a stop within two blocks of the car.

There was a heavy wind and rain storm passed over this section in the afternoon. North of here there was a heavy hail storm. Corn and oats are blown down in many fields.

FARMERS KILL BURGLAR.

Bloomington, Ill., July 12.—Tony and Jacob Martin, farmers, living five miles east of Flanagan, shot and killed Perry Myers, of Gas City, Ind., while the latter was burglarizing their farm and farm buildings.

CARDINAL SATOLLI.

St. Paul, July 12.—Cardinal Satolli, special representative of the pope at the world's fair, arrived in St. Paul at noon today to visit Archbishop Ireland.

Wilmington, Del., July 12.—Fire to night destroyed forty two buildings in Millington, Maryland.

Wilmington, Del., July 12.—Fire to night destroyed forty two buildings in Millington, Maryland.

SHEEHAN AT ESOPUS

His Return From St. Louis Marks Opening of Democratic National Campaign.

Esopus, N. Y., July 12.—The return here of William F. Sheehan from the St. Louis convention marks the opening of the Democratic national campaign, which will be largely conducted from Esopus.

Actual plans for the campaign have not been completed, but it is probable Judge Parker will remain at Rosemont most of the summer and fall. His friends say Parker will advise on all questions of importance which may come up during the campaign.

Judge Parker will answer personally all congratulatory telegrams and messages. He spent several hours in this work today.

Esopus, July 12.—Judge Parker secured more sleep last night than since he entered the presidential race. The judge retired at 9 o'clock, but was at midnight aroused by the tramping of horses. He slipped on a pair of trousers, aroused Secretary McCandless, tramped out to the barn yard and found that one of his horses had broken loose. With the aid of Mr. McCandless the judge was able to stable the animal in a half hour, and he returned to bed and slept soundly all morning.

This morning Judge Parker was visited by his neighbors, Mr. and Mrs. Van Allen, who live just opposite Rosemont. The families had a pleasant chat on the front porch. Justice and Mrs. McCandless are expected this afternoon and may remain until to morrow.

To morrow the Ulster county Democrats will make a demonstration. The delegation from Ulster to the convention got home at 3 a. m. and Judge Parker received them when he awoke.

Judge Parker and W. F. Sheehan were in conference several hours today, but neither would discuss the conference. Regarding the chairmanship of the national committee they were silent also. It is known that Sheehan is averse to taking the position himself and there is no verification of the report that Parker wants Senator Gorman for chairman. The telegram adopted by the St. Louis convention replying to Parker's telegram, has not yet reached Esopus.

ILLUS INTERVIEW.

Albany, N. Y., July 12.—Former Senator David B. Hill to night gave out the following interview on Judge Parker's declaration for the gold standard:

"I am gratified the convention so enthusiastically endorsed the brave and manly stand of Judge Parker and that the whole country has so favorably received it. The party is in the position in which I wish it to be, having endorsed the present gold standard. The financial question is now entirely out of the campaign and the Republicans are powerless to drag it in. The road to a successful campaign has been cleared."

DYNAMITE EXPLOSION

One Man Killed, One Fatally and Several Seriously Injured.

Bannock, Ohio, July 12.—One man was killed, one probably fatally injured and four or five seriously wounded in a dynamite explosion east of this place today. The explosion was caused by one of the men throwing a lighted match into a pile of rope, which set fire to the shack in which the men were and in which was the dynamite. The explosion occurred while the men were trying to extinguish the flames.

PHILIPPINE COMMISSION.

Washington, July 12.—The bureau of insular affairs of the war department has received a copy of an enactment of the Philippine commission providing for administration and temporary leasing and sale of land commonly known as Pinar land. The present occupants of any such lands may buy or lease them—those wishing to purchase may do so at actual cost to the government and will be allowed ten years in which to pay for same.

THE LONDON EXPRESS PRINTS AN INTERESTING LETTER FROM ITS TOKYO CORRESPONDENT ON THE SPIRIT AND TEMPER OF THE JAPANESE PEOPLE IN THE PRESENT WAR.

One striking instance is that of a widow who committed suicide when she discovered that her only son was refrained from volunteering because he was her sole support. Another story, told the correspondent at the war office in Tokyo, was of seven old men who sent a letter written in their blood begging that, as military regulations debared them from serving in the regular army, they might be allowed to form a "battalion," or battalion of swordsmen, who in feudal times rushed at the enemy with blades unsheathed. Numbers of letters have also been received from schoolboys under the age limit offering to go to the front as servants or in any capacity.

THE TOTAL NUMBER OF WORKMEN THROWN OUT OF EMPLOYMENT IN THE LAST TWENTY YEARS ON ACCOUNT OF STRIKES IS ESTIMATED AT 6,165,891, AND A LOSS IN WAGES OF OVER A QUARTER OF BILLION DOLLARS. MORE THAN 12,000 ESTABLISHMENTS ARE INVOLVED.

CONFERENCE OF PARTY LEADERS

DISCUSS PLANS UNTIL A LATE HOUR

Fairbanks and Cortelyou Leave Oyster Bay and go to New York—No Information Made Public.

Oyster Bay, July 12.—Senator Fairbanks and Chairman Cortelyou, who were overnight guests of President Roosevelt, left here for New York today. Fairbanks will remain in New York until this evening, when he will go direct to Indianapolis. Cortelyou will stop in New York several days to make preliminary arrangements for the work of the campaign. Before the party left Sagamore Hill today the president, Fairbanks and Cortelyou were photographed.

The conference at Sagamore Hill continued until an early hour this morning, but no information was given out.

BASE BALL SCORES

NATIONAL LEAGUE.

St. Louis, July 12.—The locals hit Cronin freely and held a safe lead after the second inning.

WEEKLY CROP REPORT

Rain Retards Growth—Erratic Temperature and all Sections of the State Have Been Visited by Frequent Showers.

Springfield, July 12.—Last week with its varied temperature and excessive rains did not do the crops of Illinois any good. This is the opinion the Illinois weather bureau expressed in the weekly crop and climate bulletin issued Tuesday. Showers have been frequent and general, preventing cultivation of corn.

The bulletin issued says: The temperature was below normal the first part and averaged slightly above the latter part of the week. Except in the southeastern tier of counties where rain is needed in localities, showers were of frequent occurrence and the rainfall was excessive in some places, greatly retarding farming operations. In the southern district some destruction by hail ensued.

Frequent showers have prevented the cultivation of corn in some localities, but the general condition is good, the plant being vigorous and showing good color, but mostly small for the season. The crop is very uneven, ranging from several inches high to the tasseling stage. In the southern district complaint is made of the ravages of chinch bugs in fields adjacent to fields of wheat.

Oats have been benefited by rains, except where lodging has ensued from heavy downpours. The crop is ripening fast and considerable harvesting will be done in the southern half of the state during the ensuing week. While the straw is short an average good yield is indicated.

Wet weather has seriously hindered the wheat harvest, but a greater portion of the crop is cut and in shock, and in the southern district some threshing has been done. Reports indicate, so far, a yield below average and a considerable portion has been damaged by rust.

Rye is ripe and ready to cut, with a generally promising outlook. Barley is turning ripe and will soon be ready for harvest.

Pastures and meadows show marked improvement. Much clover hay has been damaged by wet. Timothy is being mowed in the central and southern districts with average yield. Haying has been greatly retarded on account of frequent showers. A good crop of broomcorn is indicated.

Blackberries and raspberries have been improved by rain. Grapes are generally promising. The outlook for apples is poor, as the fruit continues to drop at a rapid rate and some orchards are almost bare.

Marked improvement is shown in the potato crop and a good yield is now promised. Gardens are generally yielding well.

CENTRAL DISTRICT. Brown.—Rain the last six days has retarded harvest; considerable hay is ruined; wheat damaged some; corn doing very well; pastures in good condition; good prospect for blackberries; farmers considerably behind with their work; plums doing well; grapes, good crop.

Coles.—Wheat all in shock; corn about all laid by; too much rain; oats fair; hay; pastures, potatoes and gardens fine; fruit of all kinds abundant.

Crawford.—Frequent showers with cool nights; wheat all in shock; about one-half of corn laid by; oats doing well and promise large yield; bad weather for haying; pastures good;

fair weather needed for threshing. Greene.—Weather too wet for farm work; most corn has made rapid growth; oats have done well the past week; no threshing done yet; timothy cutting begun.

Logan.—Corn nearly all laid by; fields in good condition; showery weather during the week unfavorable for haying; oats ripening slowly.

Macoupin.—Continued wet weather has hindered cultivation of corn and many fields are quite weedy and yellow; wheat in shock; meadows and pastures making good growth; early apples ripening.

Mason.—Excessive rains during the week has softened wheat straw so that some of the grain has fallen late corn in bad condition and weather is too wet for the needed cultivation; the wet weather has benefited oats but it has injured wheat and meadows; potatoes an average crop; apples a failure; small fruits plentiful; pastures doing well.

Platt.—Corn looks well since the rain; oats nearly ready for harvest; early potatoes are short crop on account of dry weather; small fruits plentiful; pastures doing well.

Sangamon.—A fine week for growth of corn; too wet for harvest and much of the clover crop has spoiled; oats are ripening, some fields are good and others very poor; timothy hay and pastures very good.

WHAT TO DO UNTIL THE DOCTOR ARRIVES.

If it is a case of colic or cholera morbus give Chamberlain's Colic, Cholera and Diarrhoea Remedy, and you will have no need of a doctor. For sale by all leading druggists.

ABOUT THE TOTAL VOTE.

What will be the total vote cast in this year's presidential campaign? Will it reflect the large increase in population, due to naturalization, shown by the monthly census reports and in the courts, or will it be less in 1904 than in the election of four years ago, as the vote of 1900 was less than in 1896?

In 1884 the total vote was 10,068,000. In 1888 the total vote was 11,232,000. In 1892 the total vote was 12,150,000. They seem to indicate a substantial increase, partly accounted for by the admission of new states.

In 1896, in an election of more than average importance and after a campaign of unusual vigor, the vote was 14,070,000. In 1900 the total vote was 13,267,000, a decrease from that of four years before.

Since 1900 no new states have been admitted. In several states since 1900 disfranchising election laws have been established through constitutional provision. In other states new conditions of naturalization have been provided. The acceptance of the party primary as a substitute for the election in these states in which one party is in an overwhelming majority often diminishes the total vote cast, the vote at the primary being larger, usually, than the vote at the succeeding election.

JULY 29.

The Nickel Plate road will run an excursion to Chautauqua lake, N.Y., and return at one fare for the round trip (\$14.00 from Chicago, with return limit of Aug. 30th by depositing ticket. Write John Y. Calahan, General Agent, 113 Adams street, room 208, Chicago, for particulars. Chicago ticket offices, 111 Adams street and Auditorium Annex.

HENRY WATERSON ON PARKER

Congratulates Party That "Putrid Carcass of Free Silver" Has Been Buried.

Louisville, Ky., July 12.—Henry Waterson serves notice on the Democratic leaders of Kentucky that they must toe the Parker mark. He says:

"It comes to us through the returning braves from the St. Louis convention that certain members of the Kentucky delegation in that body were quite overcome by the wise, manly and statesmanlike message of Judge Alton B. Parker, its nominee for president of the United States. 'The message of Judge Parker was not only the straightforward, upright and courageous thing to do—it was an inspiration. It cleared the atmosphere like a lightning flash. At one fell swoop it forced the fools to the rear. It separated Democracy from Populism.'"

Mr. Waterson announces that the Courier-Journal will make the fight of its life for the Democratic issues and says:

"It will do what it can to support the local organization, but Governor Beckham and Mr. McQuinn, the chairman of the state committee, must toe the line of the national organization and require their lie leaders to do so. We want nothing; but we speak for the unfettered and undeveloped Democrats of the whole country, and we shall speak in no uncertain tones."

"It behooves Kentucky—it behooves the existing Democratic organization in Kentucky—to set its house in order and keep it in order. Down with the past memory of party contention, the putrid carcass of free silver—up with the standard of Parker and Davis, blazing in the sunshine, gold, gold and pure gold, the gold of Democracy, unfettered and undeveloped—now and forever, amen."

DENMARK EGG INDUSTRY.

The New York Sun told the other day of the venerable age at which eggs sometimes reach the New York market. They seem to manage things better in Denmark.

One co-operative company which attends to the marketing of the egg product of 35,500 farmers stipulates that eggs over seven days old must not be delivered under penalty of a fine of \$1.34 for the first offense and double that sum for later offenses. The farmers are required to take their eggs directly to the local society to which they belong, and the society is forbidden to keep the eggs longer than four days after collection before sending them to one of the shipping stations of the company.

It is also required that eggs be gathered every day, and in hot summer days twice a day, and the nests must be barred at night so that fowls cannot have access to them.

The company guarantees to purchasers that all eggs delivered are new laid and clean, and each egg is stamped with the company's trade mark for new laid eggs. Each egg is also stamped with the number of the farmer who delivers it. The company declines to accept eggs that are not absolutely clean.

No other egg producers have studied the egg market so closely as the Danes. Because the English are the chief buyers of Danish eggs, the English market is the basis upon which the egg-producing business of Denmark has been built.

The Danes have discovered that the Englishman wants an egg of a certain size, and so eggs of this size are supplied to the British market to the extent of from 30,000,000 to 40,000,000 dozen a year. The Danes receiving for them an average of 3.3 cents more a dozen than the average price paid to all other producing countries by Englishmen.

It is because the Danes take so great an interest in practical, remunerative poultry culture that they are the largest exporters of eggs in the world. In 1902 the export of Danish eggs reached 35,567,000 dozen, worth \$5,461,000.

This, of course, was in addition to the large quantities of eggs consumed at home. The hens of the little kingdom have evidently been stimulated to the greatest industry.

PROPOSALS FOR COAL.

Sealed proposals will be received by the trustees of the Illinois Central Hospital for the insane, up to noon, July 19, 1904, for furnishing all the bituminous coal to be used in said hospital from the first day of August, 1904, to the 30th day of June, 1905, inclusive. Proposals shall be for screened lump, washed slack and mine run. Said coal to be delivered in coal houses of said hospital at such time and in such quantities as may be required by the superintendent of said hospital. The coal to be inspected by said superintendent, weighed on the hospital scales, and such weights to be considered correct in making settlement. The right is reserved to the said superintendent to reject any coal that fails in his judgment to meet the requirements as to quality, and such rejected coal shall not be paid for.

Proposals must specify the price per ton (2,000 pounds); must be sealed and endorsed "Proposals for Coal," and directed to the superintendent of the hospital. Each bid must be accompanied by a certified check of \$100 as a guarantee that the contract will be accepted by the bidder if awarded. The successful bidder will be required to furnish a bond with approved securities in the sum of \$2,000 for the faithful performance of the contract.

The trustees reserve the right to reject any and all bids, and to re-advertise for bids at their option. H. B. Carrick, M. D., Superintendent. Jacksonville, Ill., July 6, 1904.

HUGE ELKS EMBLEM.

Cincinnati Tribune: No finer illumination has ever been seen in Cincinnati than the one the Elks are now preparing for reunion week; the memorial clock for the 11 o'clock toast.

It will be in the middle of Government square, thirty-two feet in height, and if the expectations are realized will attract the attention of not only the public, but every visiting Elk.

The memorial is to have four sides, facing north, south, east and west. The design will be supported by twelve wooden pillars, twelve feet in height, resting on a platform. Around and above the pillars are to be inscriptions in raised letters, and each to be surrounded by electric lights. Above the inscriptions are four elk heads, each eight feet high, and outlined with 250 lights. Above the antlers are the clocks, the face of each being twelve feet in diameter, with 300 lights on each. The intervening space will be filled with palms and flowers.

MAY RAISE SNEY LEVEE.

Pittsfield, July 12.—A new problem confronts the Sney levee commissioners that may require the extending of the district farther north and perhaps the raising of the levee as far as the Hannibal bridge.

A levee is being built on the Missouri side that will make the river much narrower at the head of the district. During the high water last year the river was fifteen miles wide at this point and the commissioners are alarmed for what the consequences will be in case of another flood, as it is thought the increased pressure on this side would be more than the present levee could withstand.

WHEN OTHER MEDICINES HAVE FAILED

Take Foley's Kidney Cure. It has cured when everything else has disappointed. Sold by J. A. Obermeyer, City Drug Store.

JACKSONVILLE CIRCUIT.

Services for July 17: Regular preaching services by the pastor at Hebrew and Shiloh. Theme, "Our Country." A cordial invitation is given to all members and friends of the church to be present at Hebrew last Sunday. Let us "Remember the Sabbath day to keep it holy."

An opportunity for the baptism of children will be given at each of these places. All present at Hebrew last Sunday greatly enjoyed the fine address of S. W. Nichols. Come again, dear brother. Nathan English, Pastor.

WEST JACKSONVILLE.

Services for Sunday, July 17: Ebenezer—Sunday school at 9:30 a. m. Preaching at 10:45 a. m. Epworth league at 8 p. m. Junior league Friday at 3 p. m. Wesley chapel—Sunday school at 2 p. m. Preaching at 3 p. m. The annual election of Ebenezer Epworth league officers was held recently, resulting as follows: President—J. H. Blackburn. First vice president—Earnest Walters. LYNNVILLE M. E. CHURCH.

Sunday school at 10 a. m. Epworth league at 7 p. m. Preaching at 8 p. m.

SPECIAL ASSESSMENT NOTICE.

Notice is hereby given to all persons interested that the city council of the city of Jacksonville, having ordained that a brick pavement twenty-eight feet wide by stone or combination curb be constructed on East Morton avenue in said city from the east line of South Main street to the east line of Hardin avenue, the ordinance for the same being on file in the office of the city clerk, and have applied to the county court of Morgan county for an assessment of the costs of said improvement, according to benefits, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 28th day of July, A. D. 1904, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Said special assessment shall be divided into ten installments, which installments shall all be equal in amount except that all fractional installments shall be added to the first, and shall be due and payable on the 2d day of January next after completion and acceptance of the work, and the second installment one year thereafter, and so on annually until all are paid. All installments shall bear interest at the rate of 5 per cent per annum.

James H. Danskin, Commissioner of Special Assessment for East Morton Avenue.

PATENT MEDICINES.

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Albott.

Read the Journal; 10c per week.

DISCRIMINATING LADIES.

Enjoy Using Herpelde on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelde speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpelde effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelde stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c in stamps for sample to The Herpelde Co., Detroit, Mich.

ARMSTRONG & ARMSTRONG, Special Agents.

Read the Journal; 10c per week.

Veterinary Surgeons & Dentists. Graduate veterinarians. Treat all domestic animals and charges reasonable. Office and hospital, South East Street. Phone, Bell, 1698 or 2508; Ill., 60.

It is Not Always June

The man who said "In time of peace prepare for war" was a shrewd business manager. No better time in the whole year than to day to fill your bin with "Ideal" coal. These hot, sweltering days are reminders of the zero weather that's due here later on—and, confidentially, Ideal coal is a mighty good investment at present prices. While we ourselves might quite naturally be prejudiced about Ideal coal, we don't ask you to trust our judgment. The hundreds who have used it in Jacksonville, and will now so no other, declare it to be the hottest, purest, most dependable softcoal that ever left the mine. We guarantee it. We know it will suit you to perfection. We know you'll thank your stars next winter for having filled your bin right now. 11c per bushel or \$2.75 per ton cash for July delivery. Let us have your order today.

R. A. GATES & SON

Jacksonville, Illinois.

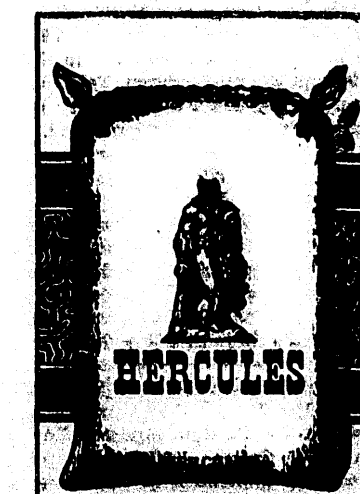

Now IS Your Time

To Get One of Those

SLIGHTLY USED PIANOS

Just returned from renting. They have been coming in and going out again so rapidly for the past two weeks that we really have not had time to mention it. But there are some excellent ones left. It's mighty nice to have some one else make a good large payment on a piano so that you only need to fix up the balance and call it yours. Come in and see them.

W. T. Brown Piano Com'y

Two Household Necessities

First—Four that gives entire satisfaction. Second—To be sure that you get flour that gives entire satisfaction, get Hercules. Hercules Flour is not only the best on the market for bread baking, but gives entire satisfaction for pastry use. Be sure when ordering flour that you insist on getting Hercules. Have you ever tried HONEY MOON FLOUR for cake baking? It bakes a high white cake.

Fitzsimmons Kreider Milling Company.

Automatic

Refrigerators

Perfect circulation and perfect work is obtained by using an Automatic Refrigerator. Has nine (9) walls for protection of ice and the air is kept automatically in motion by natural laws of rise and fall of air. Sold under a positive guarantee.

ZELL'S GROCERY

East State St.
Bell, 2102—Phones—Ill., 102.

A SEVERE TEST

The use of extremely hot drinks and of food water on our tables is productive of disastrous results to the teeth. The use of the icy fluid and the hot so closely following it makes a severe test, and the dentist must be consulted in time, to save painful work. Don't delay. Examination free.

H. L. GRISWOLD, Dentist
West Side Square.

Russians are reported to be losing interest in the war. They haven't much else left to lose in it.

If you are love sick young man, there is a sure cure. Just marry the girl you think is an angel. She'll cure you and show you how easy a mark you have been.

According to the estimates, 300 physicians will be needed at the isthmus to attend the canal laborers. Young men will be given the preference by the commission.

The Courier says the chief justice of the court of last resort in the greatest state in the nation ought to make a good president. Perhaps he ought, but that paper thinks him on about the same grade as Pratt's Indian. How can it support him?

The Courier says that Judge Parker was named for president because the Democratic leaders thought he would be elected and would make a good president. Singular the Democratic leaders should think so of a wooden Indian, isn't it? Yet the Courier thinks Pratt's Indian would make a good president for the same reasons Judge Parker would.

It is said a story loses nothing by being told, but the tale of the life of Davis, candidate for vice president on the Democratic ticket, as told by the Courier, neglects to contain the facts that he is a coal baron, a railroad magnate, a true friend of the greatest trust in the country, worth more than \$20,000,000 and just the opposite of what the evening paper has been advocating.

The Louisville & Nashville railroad has made a number of plantations of trees during recent months. In parts of Kentucky numerous walnut rough hills 100,000 black locust saplings were placed in the ground. Ten locations were selected for cut-alpa speciosa, according to Arboriculture, and 150,000 trees have been planted at these points.

A leading Iowa newspaper favors giving employment to imbeciles in state asylums on the ground that "labor as well as medicine is needed to restore the proper tone and balance to both body and mind." Idleness is injurious to health of body and mind and destructive to morals. Work is an essential of the proper performance of all of the functions of strong manhood. The busy men are not dipsomaniacs.

Statistics of the application of the Pintsch system of lighting to the railroad cars and locomotives throughout the world to May 1, 1904, show that 130,000 cars and 5,800 locomotives are equipped with this system, in addition to 1,703 buoys and beacons. As many as 372 gas works are in operation to manufacture gas for this system of lighting. Germany has 45,200 cars and 5,583 engines equipped with this system and the United States comes next with 23,500 cars.

A printing machine that prints eighty thousand completed and folded eight page papers an hour has been installed in the government printing office at Washington, D. C. This huge piece of mechanical in weight 63,000 pounds and was bought by Uncle Sam at a cost of \$25,000. The press requires the services of ten men to operate it, and it is to be used for printing the congressional record.

CHICAGO CHRONICLE ■ EXPLAINS POSITION

Comprehensive Editorial Appeared in Tuesday's Issue, Stating Reasons for Advocacy of Republicanism.

One of the first fruits reaped by the non-committal attitude of the recent Democratic convention has been the announcement of the Chicago Chronicle. That paper will hereafter advocate Republican party principles. The Chronicle has been the only really true Democratic organ the city of Chicago has had for the past eight years and its abandonment of that cause is a serious loss to those who hope for Democratic success in November. The following is part of an editorial taken from Tuesday's issue explanatory of the stand taken.

"The Chronicle is not in sympathy with Mr. Bryan's ideas. For eight years it has refused to believe that Mr. Bryan's ideas were acceptable to the real Democrats of the country. The result at St. Louis appears to end the discussion. He and Hill are in control. He and Hill have named the ticket and made the platform."

A timid eastern Democrat who fondly imagined that he could be nominated as an unknown, has been placed on the ticket with an avowed free silverite from West Virginia and supplied with a platform which amounts to an endorsement of the platform of Chicago and Kansas City. The populist west and reactionary south are again in alliance with a new leader, it is true, but with no change in principal and purpose. The ticket bears the stamp of populism. There is not a plank in the platform which is not modified by populism.

The Democratic party is attached to Bryanism. It is subservient to Bryan. It has been persuaded against its natural inclinations to nominate an unknown candidate whom Bryan has antagonized, but it has permitted Bryan to do the rest. The Democratic party is Bryan and there is no reason to suppose that its triumph under the leadership of a man who voted twice for Bryan and free silver and boasted of it would be anything else than a triumph for Bryan.

Disagreeing fundamentally with this leader and this party in most things and agreeing with the Republican party in the essentials of its creed, the Chronicle to day takes leave of the Democratic party and allies itself with the Republicans.

As at present constituted and lead, the Democratic party is a menace to the peace, the prosperity and integrity of the United States and their people. It has discarded Democratic principles and taken up with the radicalism of populists and socialists and obstructionism and the cowardice of wreckers and demagogues. No good can come of it. With a blank for a candidate and a blank for a platform it will become more and more a contemptible instrumentality for the exploitation of William J. Bryan and the school of demagogues following in his train.

The Chronicle believes that the Republican party, while not free of fault by any means, offers the American people at this time the only prospect of efficient, intelligent and honest government that is anywhere to be seen, and so believing, it will do what it can to advance its principals and to strengthen its candidates."

Well Filled Racers.
It is a matter for congratulation that the two \$10,000 grand circuit purses opened by the Empire City (N. Y.) and Brighton Beach (N. Y.) management have filled in such a liberal manner. In both stakes the number of entries is the same, sixteen, but there is a difference in the horses, so that one race will not be an exact repetition of the first. Four of the horses named for the Empire City event are missing when the list for Brighton Beach is scanned, and it is possible that the four horses added to the Brighton Beach purse may be in such form by the time the race is decided that one of them will be able to defeat the victor at the former track.

For the purpose of maintaining interest in both events nothing happier could have occurred. A royal lot of trotters have been named in each event, and at the present time it looks as though they would not only be open races so far as picking the winner is concerned, but that they will both be very evenly contested, making them two of the star trotting events of the year.

Outfielders Who Began in the Box.
Many of the most prominent outfielders in baseball today and in the past formerly were pitchers. Every outfielder on the Cincinnati team today was once a pitcher, three of them, Seymour, Donlin and Dolan, having worked on the rubber in the big league, while Odwell and Kerwin were minor league twirlers of some note before they finally took to the outfield for regular work. Manager Kelley of Cincinnati is another pitcher who developed into an outfielder, and one might go down the line of other teams and find any number of players who gave up the work on the slab for the steadier and more lasting position of guardian of the outer gardens.

The surplus of the Western Union Telegraph company has risen, as shown by the reports just issued, to \$13,442,000.

BEAUTY TEST OF TEACHERS

Chicago Educators to Be Graded According to Physical Development.

A physical beauty test is the latest ordeal for Chicago teachers. Applicants from all parts of the country who are trying for positions in the public schools are consuming quantities of breakfast foods and toiling with exercisers and visiting the massagers in an endeavor to put on or take off weight, says the New York Herald.

A rule of the board of education that applicants shall satisfy the medical examiners that they are of "proper size, height and weight," and the announcement that candidates will be graded according to their physical development has led to the tissue building struggle.

Of the 650 women who are taking the academic examinations at the West Division High school more than a hundred who are inclined to scrawliness are seeking to attain embonpoint.

Of the candidates many are plump and rosy young women fresh from country schools, but the number also includes those to whom nature has not been kind. Their weight is not proportionate to their height, and in form they have little resemblance to classic models. A new dictum from the child study laboratory to the effect that the best "specimens," as all candidates are impartially called, are well proportioned physically was issued the other day, and in assigning positions embonpoint will be considered as a factor.

According to the directors of the laboratory, mentality and physical beauty are closely related. Experimental as much of the investigation of the child study department has been, the research has yielded data from which the directors have deduced a new axiom. Dr. Charles C. Krauskopf, assistant director, who is recognized as an authority at the board rooms, phrased it this way:

"The healthy person develops symmetrically. Beauty and brains go together. In the test specimens it is found that a fine mind generally goes with a well proportioned body."

Having reduced the matter of physical beauty and its value in the school-room from an abstract question to a concrete proposition, the examiners will sort out the candidates for positions into three classes, according to physical perfection or inferiorities.

The candidates who fall into the first class will be given the advantage over those less fortunately endowed. In previous years a dearth of applicants has forced the authorities to override the classification to a great extent and to assign positions regardless of markings on the beauty test. With 650 applicants for places, however, this year a new rule is to be followed, and the preference will be given to teachers of the more ornamental type.

SOCIETY TO MEND HOMES.

Minister Proposes an Arbitrator in Family Disputes.

The Rev. David D. Delong, in an address the other day before the Congregational ministers of Chicago, said: "We have homes for children, orphanages, old people's homes, humane societies and, in fact, organizations for the care of nearly all classes of society, but we have no association whose duty it is to conserve the most sacred of all institutions—the family."

"I think every church should establish a home mending society, whose duty will be to act as peacemaker in all disputes in families in the vicinity of the church. If a father and mother disagree and are in imminent danger of separating, let a member of the home mending society call at the home of the family and arbitrate the dispute so as to save the family and preserve the home."

"I am going to try the plan in my church, and I think every other congregation in Chicago would do well to follow my example. I believe the plan will result in much good every year by preventing the disruption of hundreds of homes."

Bar on Reversing in Waltzes.
The New York Herald publishes the following from its London correspondent:

Among the "don'ts" which Americans mixing in London society must be particularly careful to remember is that which prescribes reversing. "Don't reverse when waltzing" is the eleventh commandment in London. A story is going the rounds of a man, and a well known man, too, who was noticed to be reversing at a recent state ball at Buckingham palace. He was noticed by one of the officials and requested to leave immediately, although it is said he was reversing only to avoid a collision. Despite the prejudice in London against reversing it is thought that in this particular instance the punishment was a little too heavy for the crime.

Texas Sheep For South Africa.
Captain Charles Hunt of El Paso, Tex., recently closed a deal involving the shipment of 100,000 head of sheep to South Africa, says the Galveston News. Most of the sheep will be bought in the vicinity of El Paso and Mexico and shipped to Cape Colony at the rate of 7,000 per month.

In July.
Beneath the full midsummer heat Are stores of golden garnered wheat; Are billows of unripe oats, gray green; Are armies of corn blades, trenchant.
The killer-blades his mournful cries; The hawk in charmed circle flies; Berries ripen beneath the leaves; And warm and soft are the mushy seeds; The moon shines bright in the cloudless sky.
The cuckoo sings, and the soft winds Sigh.
Said Anna a Shaker in Outlook For July.

1000 Keys Are Still Out!

1000 keys to the \$100 Money Box are still out among our customers and the right key as yet has not been returned. Some Body Has It And persons holding keys should return them soon as possible. If you only have one key it may be the right one and it's worth \$100.

Mr. Waters wrote the firm that it took him forty-eight hours to get from Western Missouri to Oklahoma, and Mr. Smith says he has been unable to reach a considerable part of his territory.

THE BIRTH RECORD.

Born to Mr. and Mrs. Walker Jordan, on Lincoln avenue, twin boys, nine and eleven and one-half pounds.

Mr. and Mrs. V. E. Areta, residing on West Morgan street, are the parents of a fine baby daughter.

HOME FROM EUROPE.

Miss Marie Alexander has arrived from Europe and is now at the home of her grandmother, Mrs. A. E. Ayers, and will remain there with her mother for the greater part of the summer. The young lady has been absent some two years and has traveled over a great part of England, Scotland, Spain, Italy and other countries and has spent a year in Paris.

MATRIMONIAL

BURKERY-MILLER.

Thomas M. Burkery of Woodson, and Miss Annie M. Miller, of LaHarpe, were united in marriage by Esquire Amos Henderson Tuesday at high noon. The groom is a farmer and both young people are most favorably known.

Misses \$1.50 slippers for \$1; \$1.25 grades for 95c. Hoffman Bros.

IS NAMED CHAIRMAN.

Richard M. Sullivan, treasurer of Sangamon county, and one of the leading Republicans of the county, was elected chairman of the Sangamon county Republican central committee at a meeting held in Springfield Tuesday. F. S. Robinson was named as secretary and both elections were made unanimous.

CENTRAL HOSPITAL TRUSTEES MET

Dr. L. H. Clamptit Named as Physician in Charge at South Annex—Dr. H. A. Potts Appointed to Hospital Staff.

Members of the board of trustees of Central hospital were in session Tuesday and in addition to the transaction of the usual routine business two important appointments were made.

Dr. L. H. Clamptit, who has been assistant physician in the main building, was promoted to the position of physician in charge at the south annex. Dr. Clamptit has been a member of the hospital staff for the past three years and is eminently fitted to assume the duties and responsibilities of the position to which he has been named.

Dr. Herbert A. Potts, of this city was appointed to succeed Dr. Clamptit. Dr. Potts came to Jacksonville about a year ago and has been assistant physician to Dr. Carl E. Black. He is a graduate of the North western Medical college and also of the Northwestern Dental college. After his graduation from the latter in 1895, he practiced his profession for three years in Bloomington. His medical course was completed in 1901 and for two years he was interne at Mercy hospital, Chicago, a position which is secured by competitive examination.

Dr. Potts was formerly of Whitehall. Since his residence in this city he has made many warm friends who will be pleased to learn of his appointment.

SUMMER TOURISTS' RATES.

When contemplating your vacation trip, don't forget the Wabash has lowest possible rates to all points north, east and west. Phone 12.

W. A. Evans, Ticket Agent.

GOV. YATES IN ST. LOUIS.

Governor Yates left Springfield Tuesday morning for St. Louis to attend the fair. Lieut. Governor Northcott came to Springfield Monday and will be acting governor until the return of Governor Yates the latter part of the week.

TALL STOCK OF CORN.

Mark Schneider, one of the enterprising farmers of the county, has left at the Journal office a stock of corn ten feet long and has more of the same kind at home.

THE ELECTION

The People Indorse the Park System by a Vote of 993 to 336.

The election Tuesday to decide whether the people would sustain the park system and be willing to pay a tax of two mills on the dollar for the maintenance of our pleasure resorts was a fine triumph for progress and enterprise. It may well be called a victory for the forces which are for the betterment and improvement of our beautiful city and the friends of public advancement may well feel pleased. There was really more opposition to the plan than one would have supposed, but it came mostly from those who think taxes should be no higher for any cause whatever and they have the same right to their opinion that others possess and there will be no eliminations nor harsh reflections. It will be admitted on all hands that Jacksonville has long needed a park and that a start has been made in the right direction, and if it can only be carried forward we may in time expect a beautiful system of parks secured gradually in a manner to cause hardship for no one. It should be understood that the money voted for the main park is expended by the commission who personally see to it that every cent used goes in the most economic manner. The capable superintendent, Mr. Kitcher, sees to it that every means is taken to save the money at the disposal of the commission and to use it where it will accomplish the most, so that there is no just cause to accuse any one of grafting or injudicious use of the means secured from the city.

The commission desires to say thank you, most heartily, to all who lent their aid in carrying the election. They have done something which will advance the interests of the city and be of great benefit to hundreds and thousands who would otherwise have little of the pleasures of this life. To all who voted for the measure, to all who gave valuable time in its behalf, and tried to carry the day, the management say, "very much obliged, your conduct is gratefully acknowledged and will be remembered."

The number already using Nichols' park has been surprising and this while the facilities are yet incomplete. After the pavilion is completed and other plans for the park are completed the patronage will be still greater and as soon as a street car line can be completed to the Alton track it is difficult to estimate the number that will seek enjoyment of leisure hours there.

Are attracting lots of attention

In our Carpet Department the enormous trade of the season so depleted our stock that many "fill in" orders were necessary. We can supply you now with lots of new things not shown earlier. See the Vador Screens. In our work shop we do upholstering, repair and refinish furniture. A nice line of Wood Mantles, Grates and Tile. Catalogue upon application.

East Side Sq. **JOHNSON, HACKETT & GUTHRIE** Jacksonville, Ill.

THE O. K. STORE IS HOLDING A BIG UNLOADING SALE

The cold, rainy weather has retarded the sale of Summer Dry Goods to such an extent that we find our stock is too large by thousands of dollars.

We are going to sell all the surplus stock, and all the broken assortments of the most desirable merchandise WITHOUT a penny of profit, and in many cases AT EVEN LESS THAN MANUFACTURERS' COST. The goods offered in this sale are not "Job Lots," but are of the best qualities from our regular stock. Get in early as some of the quantities are limited, and THIS SALE LASTS ONLY UNTIL THE PRESENT SURPLUS STOCK IS SOLD.

The Cotton Market is Up, but We have Too Many Goods—Take Them at These Prices.

INDICATIONS.

Washington, July 13.—For Illinois: Fair Wednesday, and warmer in the central and north portions Thursday, showers and thunderstorms; fresh south winds increasing.

A FLOATING CITY.

Caspar Whitney in the July Outing says:

"It is a strange, half floating city, this Bangkok, overrun by pariah dogs and crows: Oriental despite its improvements, and one of the most interesting cities in the far east. Yet a sad city for the visitor with mind apart from margins and money-saving machinery. At every turn are evidences of decay of native art, and in their stead the hideously commonplace things that bear the legend, 'Made in Germany.' One would scarcely believe to day after a visit to Bangkok, that at one time the Siamese were distinguished, even among Asiatic artisans, in silk weaving in ceramics, in ivory-carving, and in silver smithing. Yet the royal museum discloses treasures not found elsewhere in the world, which serve to remind how far Siam has fallen from the place she once occupied among the art producing nations of the world. When, therefore, we behold a people discouraging and losing their splendid ancient arts, and giving instead a ready market to the cheap trash which comes out of the west we may hardly look for native industrial development. The day is probably not far off when Siam's industries will depend upon foreign guidance; and if England, not France supplies that impetus—the world will be the gainer."

By those people who delight in comparisons—and read traveler's folders especially compiled for tourist consumption—Bangkok has been variously called the Constantinople of Asia and the Venice of the east. True, there is much pertinence in both comparisons. Certainly Bangkok is the home of the gaunt and ugly pariah dog, which spends the day foraging to keep life in its mangy carcass; multiplying meanwhile with the fecundity of cats in a tropical climate, because the Buddha faith forbids its killing. Nor are outcast dogs the only pests of Bangkok, to grow numerous because of native religious prejudice; more noisy crows perch on an early morning on your window cas-

ing and the tree immediately beyond it, than in the space of a day hover near the "Flowers of Silence" at Bombay awaiting the pleasure of the vultures feeding on the earthly remains of one that has died in the faith of the Parsee.

Some people fancy Bangkok a city of islands; hence I suppose the comparison with Venice. Bangkok has, indeed, a very large floating population, and the city is intersected with many "klongs" (canals); at certain times of the year, too, perhaps, half the city and the surrounding country is under a foot or more of tide-water. Yet the largest half of Bangkok's 400,000 citizens lives on land, though the easiest means of travel throughout much of the city is by boat, and, in fact, half of it is reached in no other way. The Siamese woman of the lower class dully paddles her own canoe to the market; or, if of the better class, she goes in a "tua chuang," the common passenger boat which, together with the junks of the land passenger-carrier throughout the orient, is included among the household possessions of every Siamese who can afford it."

Ladies Oxford's suitable for world's fair wear, cut prices at Hoffman's.

ELKS AT CINCINNATI.

There will be a large delegation of Elks from Jacksonville lodge No. 682 attend the meeting of the grand lodge at Cincinnati this year. The transportation committee, Messrs. F. L. Sharpe and H. M. Ticknor, have made arrangements with the Chicago & Alton Ry Co. to use that line in connection with the B. & O. SW. via St. Louis, leaving Jacksonville 6:40 a. m. Sunday, July 17, spending a couple of hours in St. Louis, reaching Cincinnati the same evening, on the B. & O. SW. fast eastern train and returning same way. Stopover may be arranged at St. Louis.

All persons wishing to take advantage of the excellent arrangement made by the committee should see them at once.

Brother Elks are urged to be present at the meeting to night and complete arrangements for the trip. The rate is only \$10 for the round trip and easily within the reach of all and it is hoped no one will miss the opportunity while the grand lodge meeting is so near home.

COMPANY I NEWS NOTES

Promotions Are Made—Regular Army Belts Are Received—Company Now Drilling Twice a Week.

Captain James of Co. I returned from Springfield recently where he spent a week with the second regiment I. N. G., who were in camp there. The local company will go into camp the week beginning Aug. 20, and drills will be held twice a week until that time.

Monday evening, the regular drill night, Capt. James made two appointments. Corporal Allen was promoted to the rank of sergeant and private Ewert to the rank of corporal, both appointments to be effective from July 1.

Members of the company have recently received new belts. They are the regulation canvas army belt and are greatly superior to the old leather belt. They are much lighter and are supported by suspenders and have canteen and haversack attachments.

Capt. James is very proud of the equipment of his company which is now fully up to the highest standard with his force of fifty-four men expects to make a fine showing at the coming encampment.

The colors of the Fifth regiment were transferred to Decatur Sunday, where Col. Wells resides. They were placed in the armory of Co. II, with appropriate ceremonies and the armory of this company will hereafter be regimental headquarters.

Big reductions on seasonable goods; all the surplus stocks are being closed out at greatly reduced prices at the O. K. Store.

Mrs. Conklin and daughter, Miss Herma, of Los Angeles, Cal., accompanied O. F. Conklin when he came east and will spend most of the summer visiting relatives in Jacksonville and the northern part of the state.

James 5

SUMMER SCHOOL HELD SESSION

Court House Philosophers Discuss Recent Democratic Convention—Many Views Expressed.

An interesting session of the court house summer school of philosophy was held Tuesday afternoon. Many of the members had attended the recent Democratic convention in St. Louis and while the chairman tried to direct the discussion along the lines of "Entity and Non-Entity," the topic previously announced, Primus insisted in opening the program with some observations on the St. Louis gathering and a spirited controversy followed.

Primus was proud of the party. He never expected to witness such scenes as were enacted at the convention. To be sure the platform was a compromise but that fact only showed the splendid feeling between the delegates who made up the convention. He had been a follower of the orator from the Platte but he was ready to enlist under the banner of Parkerism.

Secundus felt that the convention had been a failure. It failed to recognize the fact that the party had a past history and ignored mention of the last two platforms enacted. He believed that the party in its attempt to rid itself of the stigma of populism had gone to the other extreme and was now committed to the tenets of plutocrats and bloated bond holders.

Tertius thought that wisdom dictated silence on the past. Free silver and the paramount issue and such clap trap would not be an offense and stench in the nostrils of true Democrats any longer. He had had to hold his breath long enough and was glad to be where he could breathe the pure air of sound doctrine and common sense.

Quartus thought that the personality of the candidate had overshadowed the platform upon which he stood. The greatness of Judge Parker was shown in the sending of the now famous telegram. The frankness and candor with which he made known his position indicated a strong personality.

Quintus took issue with the last speaker. He thought that the sending of the telegram was simply a part of the great confidence game played upon the rank and file of the democracy by Cleveland, Hill, et al. Parker's nomination was first to be secured and if the convention would not stand for the gold plank in the platform then the sphinx of Rosemont was to break silence. The sending of that telegram has settled Parker for me. He is as cold as an iceberg and Bryan Democrats who vote for him will be scarcer than electric fans in Greenland.

Sextus felt that Quintus took an extreme view of the situation. He believed a reunited democracy was the sure outcome of the St. Louis convention. He was not sure that all of the Bryan Democrats would accept the present candidate and platform in the present campaign but he believed that it meant great things for the contest to be fought in 1908.

Septimus said that the last speaker evidently believed that as long as there was life there was hope. It was beginning to be a question in his mind just how many more knock downs democracy would stand. He had hoped to see the convention adopt a middle course and get on middle ground where all followers of Jefferson and Jackson could stand without embarrassment. He could see little difference between the Republican and Democratic platforms as they are now drawn and as the people tried a change in 1892 when the Democratic spellbinders lured them with the sweet refrain of "Grover, Grover, Four More Years of Clover," he was afraid the memory of the past was too vivid to evoke much confidence in the present.

Octavius thought that the whole business smelled too much of Cleveland. He had betrayed the democracy once and he regretted the present leadership of those who were in sympathy with the doctrines he advocated. The convention was a long drawn out affair and each session was characterized with harrance after harrance that served to ferment discord and disgust. Delegates were worn out when the convention adjourned and the Bryan element hurried home displeased and will be found to be lukewarm when it comes to the election of the ticket in November.

Nonus put in here and said he fully agreed with the last speaker. Some of the Bryan element did hurry home for he was coming along Morton avenue Sunday afternoon when he met three weary pilgrims who had taken the J. & St. L. freight from Lichfield, and as this train stops near the Morton avenue crossing they were compelled to walk to South Main street to get a street car. Octavius wanted to know who they were. Tertius wanted their appearance described but the chairman stated that such questions were not germane to the subject in hand and ruled them out of order.

Decimus said his curiosity had been aroused and he wanted to know who those pilgrims were. Had they been trying to sneak home by the back way? He was anxious to know whether they be-
longed to the Hamilton House wine

of the Illinois democracy. The question of the last speaker was too much for the school and a regular Babel of discord followed.

Amid a protest from the Republican members of the school who had been denied the privilege of speaking until the Democrats had expressed their views the chairman was forced to adjourn the session.

SUFFERING FROM LOSS OF BLOOD

John Conlan Was Found at the Junction Tuesday Night With Ugly Wound in Back of Head—Taken to Hospital.

John Conlan appeared at the Junction Tuesday night about 10:30 o'clock with blood gushing from an ugly wound in the back of his head and weak from loss of blood. He said that he had been attacked by two men or boys on East North street at the alley running past Douglas store, and that one of them had hit him in the head with a brick or a piece of stone, knocking him to his knees, and had then fled down the alley.

Policeman Murgatroyd was at the Junction and calling a carriage took the injured man to Our Savior's hospital, where his wound was dressed by Dr. J. A. Day. Soon after Conlan left the hospital and went to his home.

According to Conlan's story he was walking along East North street in company with Frank McSherry, and when they reached the alley by the grocery store passed two boys. No words were exchanged and without warning one of the boys turned around and struck him a hard blow in the back of his head. The pair then ran rapidly down the alley north and disappeared. McSherry told substantially the same story, but could give no description of the supposed assailants, whom, he said, he saw as they ran away.

Captain Kennedy, upon being notified, went to the vicinity, but could find no traces of the assailants.

CHAPIN.

Miss Ethel Chlapin has returned to her home in this city, after a week's visit with Miss Irene Smith at Joy Prairie.

Edward DeFrates spent Sunday with Mr. and Mrs. J. H. Smith and family at Joy Prairie.

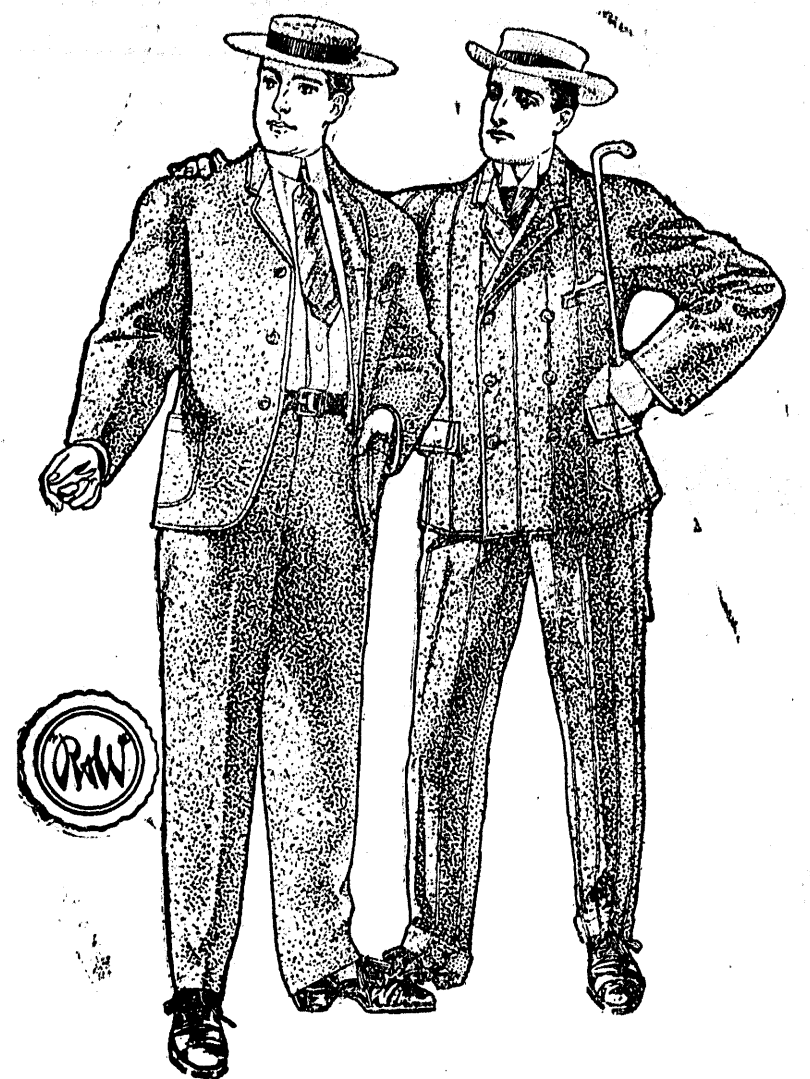

Mr. and Mrs. Charles O. Day have returned to their home in Leam, after a few days' visit with their parents at Joy Prairie.

J. H. Smith has been very ill at his home here.

Mr. and Mrs. J. C. Smith and grandson, of this place, visited their son at Joy Prairie Sunday.

Rockefeller's hair is growing again. It would be just like him to get rid of his stomach trouble next.

O. F. Konklin, who has been spending a short time in Grand Rapids on business, is expected to return to Jacksonville soon.

We have purchased several hundred suits of the celebrated R. & W. make at a great sacrifice and we are selling them at a small profit. This is an excellent opportunity for you to get a summer suit for a little money.

SEEBERGER & BRO.

Wearables for the feet

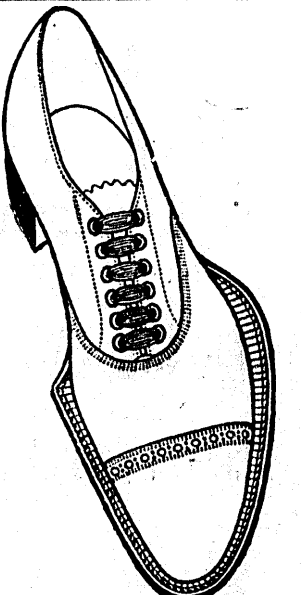

No doubt you wonder why we keep everlastingly talking about Walk-Overs. We honestly believe that we have something good and are willing to do a little talking about them—we are anxious to have more interested ones. Those who wear Walk-Overs are satisfied and are our best advertisers. Join the Walk-Over bunch; they are happy.

\$3.50—Walk-Overs—\$4.00

When it comes to first class, snappy, up-to-date footwear, solid in construction and the very best quality, Walk-Overs have them beat a mile. A nice patent button, low cut, on the new crooked last, would make an ideal summer shoe. \$4.00.

Tan low cut on the new toe, Blucher; moderate shade and trimmings, \$3.50.

We have a very strong showing of Walk-Overs in shapely and faddish lasts in all leathers. Wear Walk-Overs; no breaking in; no breaking out.
